NOTICE REGARDING RESCISSION OF NONPUBLICATION REQUEST

Applicant's rescission of the previously-filed nonpublication request is acknowledged. The rescission has been reflected in the Office's computer records so that the earliest possible projected publication date can be assigned.

The projected publication date is 08/14/2003.

If the applicant filed the application with a nonpublication request and then subsequently filed an application directed to the invention disclosed in the application with the nonpublication request in another country, or under a multilateral international agreement, that requires publication of applications eighteen months after filing, applicant was required to provide notice of foreign filing within 45 days after the date of the filing of such foreign or international application. If the rescission did not contain the notice of foreign filing (e.g., the PTO/SB/36, version 10/01 was not used), or if the notice of foreign filing was not filed within the 45 day period, the application is ABANDONED, and a petition under 37 CFR 1.137(b)/(f) is required to be filed. (See 35 U.S.C. 122(b)(2)(B)(iii) and 37 CFR 1.213(c).)

Any petition, filed with the rescission, under 37 CFR 1.137(b)/(f) to revive the application is being forwarded to the Office of Petitions for a decision. Note that the filing of the petition will not operate to stay any period of reply that may be running against the application.

Questions regarding petitions to revive should be directed to the Office of Petitions at (703) 305-9282. Questions regarding publications of patent applications should be directed to the patent application publication hotline at (703) 605-4283 or by e-mail pgpub@uspto.gov.
